Colour Energy Alchemy Essences are designed to work on the energetic level of our well-being, facilitating healing on a multi-dimensional level!

ALCHEMY is a method to transform matter. COLOUR ENERGY'S ALCHEMY LINE consists of cosmic elixirs that were made to prolong one's existence at an optimal energy level of being.

ESSENCE is the intrinsic nature or indispensable quality of something. COLOUR ENERGY'S ALCHEMY ESSENCES contain quint-essential universal components required to heal the body, mind & spirit.

KARMA is the sum of a person's actions in this and previous states of existence, which is believed to impact one's fate in future existences. KARMA LIGHT ESSENCES were created to help a person stay connected to their purpose and path.

All CE Alchemy products are mixed with quality carriers. The Chakra Light and Karma Light lines are cut with a high grade white (rubbing) alcohol. When using rub hands together to "burn" off the alcohol odour before smelling.
